Purchasing Shore Excursions

You can book your shore excursions before you board the ship or once you're onboard:

<u>BEFORE YOU BOARD</u>	<u>ONBOARD THE SHIP</u>
At www.RoyalCaribbean.com/ShoreEx	> At the Explorations! Desk
	> With the order form
	> Through interactive TV (where available)

To purchase your shore excursions, view full tour descriptions, images and videos, or download the shore excursion brochures, visit: www.RoyalCaribbean.com/ShoreEx. You can browse the shore excursions by port of call or activity type. You will need to enter your cruise reservation ID, ship name and sail date to view and purchase excursions specific to your cruise. Please note that not all excursions are available on all ships and sail dates.

You can purchase your shore excursions online from at least 3 months to 4 days prior to your cruise vacation. We strongly encourage you to purchase your tours before boarding the ship to ensure you get your first choice as many tours have limited space available and so you can begin enjoying your vacation as soon as you get onboard – one less thing on your mind once your vacation begins. In using our website to purchase your shore excursions, please rest assured that Royal Caribbean keeps your personal data, including credit card details, secure.

When planning your shore excursions, please consider the following:

- In many cases, it is possible to participate in two tours in one day. If booking two tours, we suggest allowing approximately 45 minutes to 1 hour between tours.

- Tour departure times in this brochure and online are local time. Once onboard, please check your tickets for meeting time and location. For ports where guests must tender ashore, if your tour meets on the pier, please allow sufficient time for the tender ride. Departure times are subject to change at anytime.
- As weather is beyond anyone's control, tours are designed to operate under most conditions, thus tours operate rain or shine. In the event a tour is cancelled as a result of inclement weather or for any other reason, you will receive a full refund to your onboard SeaPass account.

After you complete your purchase online, you will receive an email confirmation. Your tour tickets will be delivered to your stateroom onboard the ship. Please check them carefully and note the meeting time and place to join your tour. Please note some tours will meet in an onboard lounge while others will meet directly on the pier.

Although we know you'll enjoy the tours you select, if you change your mind, you can also process a cancellation online for any tours you've purchased online up to 4 days prior to your sail date. Tours are subject to cancellation or withdrawal at any time without prior notice.

Once onboard the ship, you can purchase tours by visiting the Explorations! Desk, completing the order form found in your stateroom, or using the interactive TV system available on most ships. Purchases made onboard the ship will be charged to your onboard SeaPass folio which you sign up for through Online Check-in or at the pier during check-in. Cancellation deadlines for each port are noted onboard and any cancellations requested once onboard the ship will be processed to your onboard SeaPass folio. Please note that some tours such as overland or overnight tours that include flights and/or hotels may have a special cancellation policy due to the nature of the arrangements that must be made in advance. Please read the tour description carefully for these cancellation details.

For guests with mobility disabilities and challenges, please send accessible tour inquiries and requests to shorexaccess@rccl.com no later than 21 days prior to your saildate. For more information on Accessible Cruising and Shore Excursions, please visit www.RoyalCaribbean.com. Please note that tours operated outside of the United States may not provide the same level of access to guests with disabilities.

If you are traveling with a group or would like to arrange a custom or private tour for your family or larger group, please contact us at groupshorex@rccl.com.

For guests participating on a Royal Caribbean Alaska Cruisetour, we offer additional excursions during the land portion of your vacation which you may purchase up to 10 days prior to your vacation or from your Tour Director once you've joined the land portion. Land excursions are available for an additional fee and are scheduled during free time so you don't miss a minute of planned activities.

Tour Pricing

Prices for shore excursions are quoted per person in the selected currency. In many destinations, we offer private vehicles for you to book for more independent sightseeing and these are priced per vehicle as noted in the tour description. Shore excursions include transportation and local guide or escort, unless otherwise noted. Other amenities such as drinks, meals, entrance fees are included as noted in the tour description. Should you choose to leave a tour prior to its completion; any costs incurred to return to the ship will be at your expense. Refunds will not be made for guests who choose to deviate, leave or otherwise not utilize all of the services scheduled to be provided during the excursion.

Children's pricing is available on many tours for guests aged 4 – 12 years. There is no charge for infants 3 years and under for shore excursions (lap child). A parent or guardian must accompany guests under 18 years of age on all tours.

Gratuities are not included in tour prices unless specifically noted. Extending a gratuity to your guide and/or driver is strictly optional; however, in some countries, these personnel may anticipate that if you are pleased with their services, you will reward them in a monetary fashion. A commonly accepted guideline is \$4-\$6 USD per person for a half day tour and \$10-\$15 USD per person for a full day tour.

Exchange rates used to calculate prices online are updated periodically. Online shore excursions purchases must be conducted in the same currency as your cruise reservation. Cancellations processed online will be to same credit card and in the same currency as the purchase. Any tours cancelled once onboard will be refunded in USD to your onboard Seapass account.

Prices are subject to change at any time and may vary by sailing. The prices included in this brochure are accurate for the selected sailing at the time the brochure was generated online. To view current pricing, please log into the Pre-Cruise Planner for your specific sail date at www.RoyalCaribbean.com/ShoreEx.

Once Onboard the Ship

Once onboard, if you pre-purchased tours, your tour tickets will be delivered to your stateroom. Please review them carefully and take note of the meeting time and location for each tour. Some tours will meet in an onboard lounge while others meet directly on the pier. For ports where guests must tender ashore, if your tour meets on the pier, please allow sufficient time for the tender ride.

In the event of a delayed arrival into port, please listen for announcements regarding ship clearance to proceed ashore and/or tour departure times. If your tour is meeting in an onboard lounge, staff will make announcements in the lounge regarding tour departure times.

In the event of a change in itinerary or arrival time, you will receive notification of any required changes to the tours you've selected. For guests who have made tour arrangements with vendors not advertised through Royal Caribbean, the shipboard staff will not be able to assist with any changes to those arrangements and Royal Caribbean will not provide refunds for these arrangements if they must be cancelled.

When determining what to wear and bring with you during your tour, please consider the expected weather conditions and where you will be going during the day. Some countries may have more conservative ideas about dress than you're accustomed to. Many places of worship may require visitors to dress conservatively such as avoiding wearing shorts, tank tops and revealing clothing. When reviewing the tour descriptions, please look for the Dress Code icon and language regarding appropriate dress code. We also recommend comfortable walking shoes and in sunny destinations, we suggest a hat, protective sunscreen and sunglasses. Please read the tour descriptions carefully for any additional suggestions on clothing and what to bring. If you have additional questions, please visit the Explorations! Desk onboard.

Many tours allow time for guests to shop or to explore independently, however, unless specifically noted as a shopping tour, tours are not designed around shopping and time allocated is limited and may be altered as needed during the tour. Please look for the Shopping icon and language in the tour description regarding time allowed for independent exploration and shopping.

Standards and types of transportation vary considerably throughout the world. Vehicles used for shore excursions may not have air conditioning, restroom facilities and/or seat belts/restraints. For the comfort of all guests, smoking is not allowed on any vehicles used during shore excursions.

Many ports are not located in the city center. For the convenience of guests, a shuttle bus service has been arranged for a fee in those ports where applicable that do not have adequate local transportation available. This service is setup to complement the local transportation and guests are welcome to utilize the local services. Details of which ports will have a shuttle service available for a fee will be provided onboard.

All guests are required to be back onboard no later than 30 minutes prior to the scheduled departure time which is posted at the gangway each day. Shore excursions are scheduled to meet these requirements. If you leave a tour while in progress, you are responsible for ensuring your return to the ship on time. If for any reason a tour is delayed, the shipboard management team will be notified and will await the tour's return. Guests on tours with vendors not advertised through Royal Caribbean are responsible for ensuring they return to the ship on time as it will not wait for them, if delayed.

Icons & Descriptions

This brochure contains descriptions for all of the shore excursions available on your cruise vacation. As the brochure may be more pages than you'd like to print, we've added Summary of Tours pages for each port so you can use those or print them as a reference. The same long tour descriptions that are included in this brochure are also available on the website at www.RoyalCaribbean.com/ShoreEx.

Some tours may also have restrictions such as age, weight and height. These restrictions are established by the tour operators for the safety and comfort of our guests. Each tour also has an assigned activity level of mild, moderate or strenuous which acts as a guideline for choosing the most appropriate tour for you. Kindly note the below symbols act only as a guideline and guests must make their own judgment regarding participating in tours. Guests must always consider any pre-existing medical conditions when deciding whether to participate in a tour. It is recommended that guests consult their personal doctor before going on a tour if they have any pre-existing medical conditions. There are additional symbols to assist with your tour selection.
